

## VIKING CAGERS OPEN SEASON TOMORROW NIGHT

### MILTON GAME FIRST IN NEW ALEXANDER GYM

**Little Known of Milton Strength; Denney Is Silent About Viking Chances**

Tomorrow night Lawrence cage fans will get their first glimpse of the 1929-30 basketball team in action when the Vikings trot out on the middle court at Alexander gymnasium to "step off paces" with Milton college.

Coach A. C. Denney has had only three weeks in which to whip his varsity into shape for the opener and is making no predictions. The early practice sessions have revealed many flaws and the team has by no means reached midseason form. Passing has been ragged, but the offensive and defensive power is slightly better than last year when the blue and white marched onto the floor to cop a 31-30 win from Hamline in the season opener.

#### Little Known About Milton

Little is known of the comparative strength of the Miltonians as this game is the initial melee for both quintets. Back in 1926-27, the Vikings, led by "Pete" Briese, trimmed a Milton college aggregation 32-33. The score at the first half was 16-13 in favor of Lawrence, but at no time during the game did either team have the contest on ice. Towards the close of the schedule a return encounter was played on the Milton court with the blue and white again coming out on top by a 28-12 count. The men, playing under George Christoph, who was handling the team during Denney's leave of absence, jumped into the lead at the very beginning and were never threatened.

#### No Lineup Named

Coach Denney has remained silent as to just who will be in the first five or who will be the first appointed captain, but has indicated that he will use all of the men he can. Forwards will be picked from Biggers, Remmell, Rasmussen, Steinberg, Jackola, and Vandembloemen, the latter being the most promising of last year's yearlings. Center will be a toss up between Laird and Schneller with Trankle and Campbell in reserve. Slavik, Fischl and Pierce will take care of the guard berths, with Hales and Miller ready to step in if necessary.

### Mrs. Banta Writes Verse For 'Ships'

**Contributes To Anthology Of Lawrence Verse; Ready This Week**

Margaret Killen Banta, '28, Menasha, assistant editor of Banta's Greek Exchange, has written the fly-leaf verse and a poem for Ships, anthology of Lawrence verse. The booklet will be issued sometime this week by Upsilon of Theta Sigma Phi.

Mrs. Banta has contributed poetry largely to fraternity publications, such as The Anchora of Delta Gamma, Themis of Zeta Tau Alpha, Angelos of Kappa Delta, and Aglaia of Phi Mu. Her poems have also appeared in children's magazines including "Little Folks," and "The Child's Garden of Verses," and she has had features printed in the Milwaukee Journal. Mrs. Banta is national vice-president of Kappa Alpha Theta fraternity.

Ships will also contain contributions from alumni whose poetry has appeared in other numbers of Ships as well as in magazines. The verse of a number of undergraduates will also appear in Ships.

## Eight Grid Contests Scheduled For Viking's 1930 Season

**Schola Cantorum Will Sing At Convocation**

The Schola Cantorum of Lawrence College, a mixed chorus of 185 voices under the direction of Carl J. Waterman, will present the following program in Convocation, Wednesday morning, December 11. Accompanists are: Katherine Uglov, Russell Danburg, and LaVahn Maesch, organist.

Listen to the Lambs, Schola Cantorum, R. Nathaniel Dett; While Shepherds Watched, Lawrence Women's Glee Club, (125 voices), Machial Praetorius; Christmas Day, Schola Cantorum, Gustav Holst; A Cradle Song of the Blessed Virgin, Lawrence Women's Glee Club, Violin Obligato by Miss Roberta Lanouette, Barnby-Gow; Hallelujah Chorus from the Messiah, The Schola Cantorum, G. F. Handel.

### Bird Paintings By Heil Are Displayed

**American Song and Game Birds Comprise Exhibit At Library**

Drawings, etchings, and water colors of American song and game birds seen in their native haunts comprise the latest art exhibit on view at the Lawrence college library. Charles Heil, famed as an artist whose reproductions of bird life are scientifically accurate is the artist. Any of the pictures on exhibit may be purchased.

Brilliant plumage and soft graded shades, not only give accurate pictures of the artist's subjects, but the details of the birds' surroundings are perfectly portrayed.

Water color is the artist's medium for reproductions of bright plumage. Featured in this group are the Evening Grosbeak, a study in yellows and grays and black, and the young blue-jay, a study in blues, white, and black. Some of the objects appear in all three media, the drawings, the etching, and the water color, thus giving an excellent example of the merits of each for true portrayal.

The Charles Heil bird exhibit will be augmented by a collection of bird photographs, loaned by Harold Wilson, assistant curator of the college museum of natural science. The public is welcomed to view this exhibit, now on display in the art alcove of the college library.

### The BILLBOARD

**Wednesday, Dec. 11**—Basketball, Lawrence vs. Milton College at Alexander gymnasium.

**Friday, Dec. 13**—Installation of Eta Sigma Phi.

**Saturday, Dec. 14**—Theta Phi formal dinner party.

Phi Kappa Tau formal.

Delta Sigma Tau formal.

Beta Sigma Phi Fifth Annual "Brawl."

Campus Club dinner at Brokaw.

**Monday, Dec. 16**—Basketball, Lawrence vs. Beloit at Alexander Gymnasium.

**Tuesday, Dec. 17**—History club meeting.

**Wednesday, Dec. 18**—Basketball, Lawrence vs. Central State Teachers' college.

**Saturday, Dec. 21**—Christmas recess begins at noon.

**Dr. Denyes Speaks**

Dr. John R. Denyes addressed the Kiwanis club Wednesday on "India." He illustrated his lecture with lantern slides.

### PETITION FOR DATE CHANGE IS GIVEN O. K.

**Faculty Votes To Alter Vacation Dates At Meeting Friday**

The student petition, requesting that the dates for the Christmas recess be altered, was accepted Friday at a meeting of the college faculty. As now scheduled Christmas vacation will begin at noon, Saturday, December 21, in stead of Friday noon as originally planned. The first classes in 1930 will be called at eight o'clock Tuesday morning, January 7, rather than on Friday, January 3, as scheduled on the college calendar.

#### Lengthens Recess

In making the alteration, the length of the recess is increased by three days, an additional week-end being included. Under the present schedule, the vacation begins one day later than planned, but ends four days later.

The petition, which was circulated among the student body during the past month, was presented to the faculty for the first time at its meeting on Friday. Although some doubt had been expressed as to the probability of acceptance, due to fact that the matter had been considered twice previously without being accepted, the request was given a unanimous vote of approval as soon as the matter had been explained.

### Sigma Alpha Iota Announces Scholarship

Xi of Sigma Alpha Iota, national professional musical fraternity for women, announces a scholarship of \$100 to be awarded to a full course student of the upper classes of the conservatory, and to be applied on tuition only in the Lawrence conservatory. A committee of faculty members, including Dean Waterman, will select a student who is doing good work and who is in need of financial assistance in obtaining a musical education. The award will be made at the end of this year.

## Luckner Rated As Romantic Figure Of World War

Rated as one of the most romantic figures of the World War and with a tale that parallels the stories of the Elizabethan freebooters, Count Felix von Luckner, the "sea devil" will lecture at Lawrence Memorial chapel Tuesday, December 10, on "Sea Raids of a Friendly Enemy." The modern buccannering adventurer is being brought to Appleton by the Appleton Woman's club.

Waging war without taking human life, the sea devil roamed the seas like a ghost and sank 14 ships and 500,000 tons of shipping. Before sinking an allied ship he would take her entire crew on board his own boat the "Sea Eagle" and treat his prisoners with all the courtesy one bestows upon a guest. His fine attitude of humanitarianism has caused him to emerge from the war as one of the best known and beloved heroes. When he arrived in New York city some time ago he was greeted by three American commanders whose vessels he had sunk.

Count Luckner began his life of ad-

## Perfection Marks Performance Of Musical Art Quartette Here

**By Helen Hector**

Such artistry as was displayed in the playing of the Musical Art Quartet, in their concert in Memorial chapel on Friday evening, cannot be expressed in words. It is only through the medium of beautiful music that such expression can be made. The perfection of the performance of this ensemble has spoken for itself. The pleasure derived from hearing lovely chamber music, performed with such interpretation as the Musical Art Quartet can give it, is again afforded Appleton music lovers, after a long period. If the infrequency of string concerts is any indication, chamber music has not come into its own in popular taste, but with such presentations as that heard Friday, its appeal should soon make it one of the most loved of musical expressions.

#### Each a Master

Each member of the ensemble proved himself a virtuoso on his instrument. The instruments themselves, being Stradivari, were unusual, but with Sascha Jacobsen, Paul Bernard, Louis Kaufman and Marie Roemmet-Rosanoff playing them, they became more than mere violins, viola and cello, and spoke the inmost souls of their masters, with the most beautiful tone.

Interpretative powers, technical ability, accuracy of intonation, precision, perfection of dynamics and nuances, and absolute ensemble playing were combined to bring about this perfection of performance. There was lovely blending of instruments, and balance of tone, each player giving his best effort to attaining a well-balanced whole.

### Dr. Baker To Help Edit Language Bulletin

Dr. Louis C. Baker, professor of modern languages, was recently asked to be assistant-editor of the "Bulletin of the Wisconsin Association of Modern Foreign Language Teachers." Laura B. Johnson of the University of Wisconsin, is Editor-in-Chief of the publication. Dr. Baker stated that he would accept the position of assistant-editor.

#### Three Groups Played

The program included three groups of compositions. The first two were quartets, the first Beethoven's Op. 59, No. 3, and Grieg's G minor. A little piece "Adaghetto," by Bizet was played in response to the applause following the second number. The third section included nationally characteristic pieces; Bach's famous Air for G string; "Tango," by the Spanish Albeniz; "Mazurka," by Glazounow, from the Russian; and "Molly on the Shore," which was typically Grainger. The latter was played again as an encore.

The remaining attractions on the Artist Series are: February 18, Dusolina Giannini, soprano; March 6, Paul Kochanski, violinist; and April 5, Vladimir Horowitz, pianist.

### Kappa Delta Alumnae To Entertain Actives

Kappa Delta alumnae will entertain actives and pledges at a Christmas party in the sorority rooms Tuesday night. A box of gifts and toys will be compiled to be sent to a hospital for crippled children in Richmond, Va. Kappa Delta supports a ward of four beds there. It has also equipped a gymnasium and conducts a dental clinic as national philanthropic work.

## Maesch Recital Scores Success

**Conservatory Organist Presents Program At Congregational Church**

Proving himself an artist of the highest order and a complete master of his instrument, La Vahn Maesch, of the conservatory organ faculty, played an extremely difficult organ recital at the Congregational church on Wednesday evening. He played with such expressive interpretation, such accurate technique, and such perfection of performance, as to bring his audience to a pitch of the finest appreciation and sympathy, even for music with which they were comparatively unfamiliar.

The program included "Chorale in A Minor"; "Fugue in C," by Buxtehude; "The Harmonies du Soir," by Karg-Elert; the Chorale "Christ Came to Jordan," and the "Fantasia and Fugue in G Minor," by Bach.

The second group included "Christmas in Sicily," by Pietro Yon, and "Fantaisie sur Deux Noels," by Joseph Bonnet; "Cantilene," by James H. Rogers; "Cortege at Litanie," by Marcel Dupre; "Ave Maria," by Schubert, and "The Brook," by Dethier. As an encore Mr. Maesch played Rimsky-Korsakoff's "Flight of the Bumble Bee."

### Art Club Hears Eads Talk on 'Soap Sculpture'

"Soap Sculpture" was the subject of the talk given by Robert Eads, '31, at a meeting of the Art club held recently in Dr. Otho Fairfield's room, in the library. This art of soap carving is being promoted by an annual contest with its headquarters in New York, and the Lawrence Art organization is attempting to secure a group of these soap models from that city for purposes of display here on the campus.

## FIVE MIDWEST GAMES ON TAP FOR NEXT YEAR

**Stiff Schedule Includes Night Game With Marquette; Meet Wisconsin**

One night game, a game with the University of Wisconsin, and five Mid West games are featured on the 1930 Viking grid schedule, one of the stiffest programs ever presented to a Lawrence team.

#### 1930 Football Schedule

Sept. 27—Marquette, at Milwaukee (night game).  
Oct. 4—University of Wisconsin, at Madison.  
Oct. 11—Open.  
Oct. 18—Hamline, here.  
Oct. 25—Carroll, here (Homecoming).  
Nov. 1—Ripon, at Ripon.  
Nov. 8—Beloit, at Beloit.  
Nov. 15—Carleton, at Northfield.  
Nov. 22—Cornell, here.

Announcement of the schedule comes with the return of Coach A. C. Denney, Coach Clarence Rasmussen, and Prof. F. W. Clippinger, Lawrence athletic representatives, from the Midwest and Wisconsin Collegiate conferences held at the Hotel Sherman, Chicago, Friday and Saturday.

#### Marquette At Night

On September 27, the Lawrence gridgers will journey to Milwaukee where they meet Marquette University. This will unquestionably be one of the season's feature games since it will be played in the evening on a field illuminated with flood-lights. On October 4, the Vikings will play the University of Wisconsin, at Madison. This is the first time in recent years that Lawrence has had a Big Ten team on its schedule. It is hoped that this initial encounter with Big Ten competition will lead to scheduling of other university games in the future. This game is followed by an open date, October 11, which may be filled after other negotiations.

#### Hamline Here

Hamline University will come here again on October 18 and the following Saturday, October 25, will be (Continued on Page 3)

## Eleven Are Elected To English Club

**Membership Based On High Average; Meeting Held Friday**

Eleven students were invited to become members of English club at a meeting of that organization held Friday afternoon in Russell Sage parlors. The students who were recently elected are: Ross Cannon, '30; Helmi Peltoniemi, Clara Bunde, Herta Mueller, Irene Ungrodt, Hayward Biggers, Ethelynn Knuth, Margaret Heckle, Verna Lauritzen, Helen Ericksen, all '31, and Lucy Reidy, '32. Election to English club is based on high grade average in all English courses and an interest in this language and the Lawrence club devoted to the study of modern English literature. A major or minor in the course is also required.

Bertha Greenberg, '30, reviewed Remarque's "All's Quiet on the Western Front," at the Friday afternoon meeting.

## THE LAWRENTIAN

Published every Tuesday and Friday during the college year by The Lawrentian Board of Control of Lawrence College, Appleton, Wis.  
Entered as second-class matter September 20, 1910, at the postoffice at Appleton, Wisconsin, under the Act of March 3, 1879.  
Subscription Rates: \$2.75 per year; mailed or delivered, per copy, 5 cents.

### A WARNING TO FANS

"Don't expect too much." In this short statement, Coach A. C. Denney has sounded a warning that Lawrence basketball fans should not forget. Reports on the campus and in the press assure followers of the team that Lawrence has a sure winner this year, but if you remember, this same assurance was offered last year.

Before the season had even opened last year, a wave of enthusiasm surged over the campus. Lawrence was due for a championship. They couldn't lose. Denney had so much material that he would probably have to draw straws in order to pick a starting lineup. A veteran varsity squad had returned, and there was an overabundance of promising sophomore stars.

The outcome of the season is history now. Ineligibles. Cripples. Fallen stars. Lawrence got a 50-50 break in both conferences, and that was about all she deserved.

On paper—and in the papers—the Vikings appear to be sure winners this year. Last year's squad has returned and there are a few additions. There is a splendid gymnasium in which to hold the daily workouts. As for the veteran squad—we had that last year. The gymnasium is a feature that should add to the strength of the team; at least Denney will not be forced to scour the surrounding country for a practice court.

The season opens Wednesday night. Regardless of the outcome of the first game, the student body can further the success of the team most by giving infallible support and by NOT EXPECTING TOO MUCH.

### "EDDIE" AND THE PACKERS

Four years ago, a lithe young athlete was flashing high on the gridiron, the basketball floor, and the track, whenever blue-jerseyed Lawrence players met competition from other colleges. His work in Viking backfields, as well as his excellence in other sports, won him a lasting place in Appleton, and his sensational career since leaving Lawrence has held the interest of all athletically-interested Lawrentians.

Sunday the Green Bay Packers won the National League title by defeating the Chicago Bears, 25-0. Thousands of midwestern spectators witnessed the encounter, and due to the success of the big blue team, a small city of 45,000 has taken its championship from the bids of New York, Chicago, Philadelphia, Boston, Dayton, Minneapolis, and other cities.

The Packer triumph is a tribute to a sensational season, and much of the success of the giant eleven from Green Bay must be laid at the feet of the "spark plug" of the Packer squad—diminutive "Eddie" Kotal, one of the smallest men in professional football today, who is an almost certain choice for all-American honors this season. Whenever Kotal's name has appeared upon eastern score boards, the name "Lawrence" has appeared with it, giving a recognition which rarely comes to colleges of its size.

### Dr. Weston Speaks To Biological Society

Dr. Arthur Weston, professor of Latin, spoke before Phi Sigma, national honorary biological society, on "Some Aspects of Ancient Scientific Thought," Wednesday evening.

He pointed out how close the ancient philosophers came to making important scientific discoveries, but because of the lack of the necessary desire for investigation their findings became mere curiosities.

Among the machines and instruments that would have been developed by the ancient scientists, had they gone a little further in their researches, are the microscope, the printing press, and the steam engine, Dr. Weston pointed out.

### French Club To Meet Tomorrow Evening

Two French provinces, La Provence and La Bourgogne, will be subjects of student talks at a meeting of French club to be held at 6:30 o'clock tomorrow evening at Hamar house. Chester Heule, instructor in French, will speak on "Christmas in La Provence."

### Newman Club Holds Meeting On Sunday

Newman club held its last meeting before the Christmas holiday at the Catholic Home, Sunday afternoon. Father Celestine Bittle spoke. An entertaining sketch was given by Robert Connelly.

### French Club Members To Study Provinces

At the meeting of the French club Wednesday evening, the members will continue with the study of the French Provinces. A short Christmas program will be presented.

## Just a few Minutes from Home —by Telephone

No matter if the campus is many miles from home — with the telephone it is only a matter of minutes and a small amount of money.

Many students arrange a "telephone date" to talk to the folks at home on a certain day at a certain hour, every week of their college life. Not a bad idea, either, — a mighty good one, you will agree, if you try it once or twice.

A chat with the folks at home will make you feel a hundred per cent better, and it will give you renewed vigor to tackle the pile of books that always seem to be waiting for attention on your table.

**Wisconsin Telephone Company**

# EAT GMEINER'S FRESH HOME MADE CANDIES

The Frosh are soon going to start basketball practice. After the first two or three workouts, there are going to be a few discouraged, and disillusioned boys. Remember, Frosh, you may have been the "big shot" on your high school team, but there are others who have been even "bigger shots" and you've got to start all over again. Forget your past reputation and strive to build up another without becoming discouraged too soon. Eddie Kotal will give any fellow who shows he's "got the makin's" a good chance.

Here are the last changes in the 1929-30 basketball rules. Rule 6. Duties of officials. "The umpire is to have authority to call held balls, out-of-bounds, all fouls and violations, and to toss the ball when held ball occurs near him. By thus enlarging somewhat the duties of the umpire, the committee sanctions the "Double Referee" system."

Rule 8, Section 5—"On a jump ball at center or elsewhere, the jumpers are forbidden to touch the ball after it has been tapped until it has touched the floor or one of the other eight players, except that the jumpers may tap the ball more than once in attempting to make it drop outside the jumping circle. The penalty is loss of the ball, as in other violations."

As a result of the drawing to decide who shall play who for the volleyball plaque, the Theta Phis will clash with the D.I.'s and the Sig Eps will play the winner. The D.I.'s are anxious to avenge the early season defeat at the hands of the Theta Phis, but the latter are just as determined that they can turn the trick again. Anyway, it will be a merry old battle.

After a lapse of three years, Marquette and Wisconsin will resume basketball relations. The game will be played at Madison, marking the first time since 1923, when the Hilltoppers led by "Red" Dunn won a bitter 9-8 struggle, that Murray's team has invaded the Wisconsin floor.

Fraternities decided to throw out the suggestion of water polo being substituted for general swimming in interfraternity competition. Water polo is a much more strenuous game than most people think and many fraternities would be handicapped by lack of enough capable swimmers to prove a threat in interfraternity competition.

Don't forget the game tomorrow night! It will be your only chance to see the Vikings in action before their first conference tussle with Beloit next Monday night. Put on your skis or snowshoes and we'll see you out there! STEG.

# Lawrence Leader Makes All-Midwest Team

## THREE VIKINGS ON SECOND ALL-STAR ELEVEN

St. Mitchell, Voecks, Miller, Fischl Honored With Places On Mythical Team

Gilbert St. Mitchell, captain of the 1929 Lawrence college football team, was elected to the left end position on the mythical first team of the Midwest conference by coaches and sport writers acting for the Associated Press. St. Mitchell was the only Viking to place on the first squad, but three were awarded places on the second team and one was given honorable mention.

The three Lawrence men who placed on the mythical second team of the Midwest conference are: Paul Fischl at halfback; Carl Voecks at right guard, and Paul Miller at center. Kenneth Laird, Viking end, was given honorable mention.

### Three Badgers On

St. Mitchell was one of three men from Wisconsin colleges to be placed on the mythical first team. Don "Red" Martin, flashy quarterback of the Ripon team, was given the signal caller's post, and was the logical choice of the experts for the captaincy. Stipe of Beloit, was selected as an end.

That most important position on any football team—the tackle—was the weakspot in the Midwest conference this season. The experts' consensus, as gathered by the Associated Press, showed preference for no single tackle although the experts voted heavily for three centers and ends as well as showing a unanimity of opinion regarding backfield men. To overcome the obstacle presented by the lack of good tackles, the scribes and coaches selected two centers to place at the tackle positions. Block of Knox, and McNurlen of Carleton, were shifted from their regular positions at center to tackle.

### The Team

The all-conference first team was chosen as follows:

St. Mitchell, Lawrence, LE; Block, Knox, LT; Tennery, Knox, LG; Allen, Coe, C; Tesch, Cornell, RG; McNurlen, Carleton, RT; Stipe, Beloit, RE; Martin, Ripon (C), QB; Barrows, Coe, HB; Frisbee, Coe, HB; Hitchcock, Knox, FB.

Gould Hambright, ex'28, Stevens Point, and Alois Fischl, '29, Madison, spent the week end at the Delta Iota fraternity house.

## Managers Select Volleyball Teams

Members of the girls' class volleyball teams have been selected by class managers after a long tryout period. Seniors: Norma Balcie, Mildred Bowen, Hildegard Conrad, Dorothy Daicey, Jean Jackson, Leone Ruberg, Ida Turner, Ariel Wallace, and Helen Ziegler.

Juniors: Ruth Beuimler, Jane Joliffe, Dorothea Krause, Verna Lauritzen, Herta Mueller, Cecelia Oestreich, Irene Ungrodt, Eleanor Weeks, and Betty Wiley. Substitutes, Hazel Poddoll and Mary Powell.

Sophomores: Faye Bretz, Dorothy Calnin, Mildred Hess, Jeannette Jenkyns, Charlotte Krebs, Harriette Larson, Ruth Leschensky, Joyce Nienstedt, and Lucille Schwartz. Substitutes: Cecelia Baldwin, Bernice Knospe, Marguerite Kuffel, and Ellen White.

Freshmen: Alice Abel, Ruby Bergman, Alice Bradford, Janet Brown, Elizabeth Fox, Winifred Lockard, Helen Snyder, Pauline von Seht, and Evelyn Walsh. Substitutes: Jean Brigham, Mary Ann Hart, Elizabeth Clemons, Grace Meyer, and Grace Warmington.

## Eight Games Carded For 1930 Grid Season

(Continued from Page 1)

Lawrence's Homecoming with Carroll furnishing the opposition. Lawrence travels to Ripon on November 1, and to Beloit on November 8. The Vikings play their third consecutive outside game with Carleton at Northfield, Minnesota, on November 15.

The grid season will be wound up on November 22 with another Midwest opponent, Cornell, coming to Appleton to participate in the last game on the 1930 Viking schedule.

## PLAY TO BREAK TIE THURSDAY

D.I.'s and Theta Phis To Mix; Sig Eps Draw Bye To Finals

The powers that be in Greek volleyball circles convened several days ago to decide the manner in which the triple tie for the first rung of the ladder should be broken, and their decision by lot found the Sig Eps drawing a bye to the finals, with the Theta Phis and the D.I.'s slated to battle it out Thursday.

It was a smashing, hard playing D.I. lineup that repulsed the hitherto undefeated Sig Ep squad just a week ago tonight, and will be an equally hard playing aggregation that will mix with Frank Schneller and his Theta Phis Thursday evening at 7:15 o'clock. The Thetas hold the advantage of already having vanquished the D.I. men on one occasion, but comparative scores mean little or nothing when two equally matched squads such as these get to "talking" to each other over the net. The Thetas are mindful of the east with which their opponents of the evening smothered the championship aspirations of the Sig Eps last week, and they are in no way underestimating the abilities of Trankle, Laird, Voecks, and company.

The Theta Phis on the other hand, have been having considerable trouble disposing of their last two week's opposition, and they will have to play a

## Frosh and Junior Girls Win Volleyball Games

Freshman and junior girls' volleyball teams emerged victorious in the first games of the annual tournament, played Thursday evening. Both classes won their matches easily, the freshmen defeating the sophomores 15-2, 15-1, and 15-7, while the juniors took games from the seniors by scores of 15-6, 15-2, and 15-6.

The second round will be played Thursday, the juniors meeting the sophomores at 7 o'clock, and the freshmen and seniors playing at 8. The tourney will be finished next Tuesday, the freshmen and juniors playing first, with the sophomore-senior game following.

vastly improved brand of ball tonight if they have hopes of matching wares with the Sig Eps again on Thursday night. The Sig Eps will be interested spectators Thursday, and Wally Lester's lads might well match the antics closely, for either the D.I.'s or the Theta Phis will be coming around next week with eager eyes on the plaque and the battle of the century will take place.

## Plan Events For Beloit Cage Game

Denney Lining Up Program For Informal Opening of Gym

An elaborate program of athletic events is being arranged for presentation at the informal opening of the New Alexander gymnasium Monday evening, December 16, when the Lawrence college basketball squad opens its 1929-30 conference season against the strong five from Beloit. Definite announcement of the program will be made by A. C. Denney, athletic director, the latter part of the week.

The Lawrence-Beloit game was originally scheduled to be played here January 20, but it was advanced to December 16 to accommodate the downstaters.

## Professor Norris Hall Tells Chemistry Students Of Importance Of Radium

The discovery of radium gave science an entirely new way of looking at life according to Professor Norris Hall, head of the department of chemistry at the University of Wisconsin, in his lecture at Science hall, Thursday, December 5. Professor Hall declared that the discovery of radium is ranked as one of the most important discoveries in the field of Chemistry and Physics. Although it was discovered only thirty years ago, it has developed so rapidly that it exhibits a completeness that almost amounts to being classed as a separate division of science.

Starting with the experiments of Roentgen and Becquerel in 1895 and 1896, Professor Hall traced the development of the investigations which culminated in the discovery of radium by Madame Curie. The actual working out of the discovery was described by Professor Hall as one of the most interesting and encouraging chapters in the history of science. Professor Curie and his wife worked under the most discouraging conditions. They were cramped for space, and did not have much time to devote to research. In addition they were extremely poor.

Radium has developed into a useful commercial product, aside from its value to science. Thousands of dollars worth are used in the making of luminous paint for watches and other articles which must be used in the dark. Almost every important hospital in the country has some radium salts which are used in treating cancerous and tumorous tissue.

The lecture was given before an open meeting of Delta Chi Theta, honorary chemical fraternity. About 100 people attended the lecture.

### W.A.A. Votes To Sponsor Free Throwing Contest

At a meeting held Tuesday, W. A. A. board voted to sponsor a girls' free throw contest, the first ever held here. Finals will take place Dec. 18 and 19.

To qualify for the finals, contestants must make 12 out of 25 goals. Those who succeed in qualifying will sign on the bulletin board at the gym by Tuesday noon, Dec. 17. Scoring in the preliminaries will be done by the entrants themselves. Mrs. John Millis, instructor in physical education, will officiate at the final contests.

### Tennis Players May Use Basketball Courts—Denney

Coach A. C. Denney, in answer to several inquiries, has announced that gymnasium facilities are inadequate for indoor tennis. However, tennis enthusiasts may go out and keep in trim over the winter months by using the basketball courts.

### Musical Programs Given Sunday at Sage, Ormsby

A musical program was given in the parlor of Russell Sage after dinner on Sunday. Marguerite Graess, '31, played two modern Japanese flute solos by Maganini, "A Japanese Maiden Chasing a Butterfly," and "When Night Falls in a Temple Garden," with "The Dance of the Blessed Spirits" from the opera "Orpheus," by Gluck, as an encore. Dorothy Place, '31, played as piano solos, "Etude Heroique," by MacFayden, and "En Bateau," by Zecker, with "The Dancing Doll and the Music Box," by de Severace as an encore. A clarinet and flute duet "Silvatores," by Spencer, was played by Dorothy Place and Marguerite Graess, with Ramona Hueseman, '32, at the piano.

Evelyn Walsh, '33, was the soloist at the Ormsby after-dinner program on Sunday. She played two cello solos, "The Evening Star," from "Tannhauser," by Wagner, and "The Rosary," by Nevin. Roman Hueseman was accompanist.

### Purchase Boxing and Wrestling Equipment

Equipment for the boxing and wrestling classes, to begin this week is expected to arrive today. Two training bags, two striking bags with stands, and three 20 foot square mats comprise the new pieces.

Other equipment being sent includes several tumbling and gym mats, vaulting standards, and volleyball standards.

### Knutzen Is Organizer Of Y.M.C.A. Speech Class

Norman Knutzen, instructor in English, is organizing a speech class for young men to be held at the Y.M.C.A. The class will be given under the auspices of the University of Wisconsin extension division, and will begin in January.

### Dr. Bober Speaks To Psi Chi Omega Fraternity

Dr. Bober was entertained by Psi Chi Omega fraternity at dinner Wednesday evening. Following the dinner, he spoke on attitudes pertaining to college life, of both the faculty member and the student. In his talk, he made comparisons of social and scholastic standards in Eastern schools and those of the Midwest, stressing self-loyalty, fraternal loyalty, and loyalty for the college. An informal discussion followed in which Dr. Bober spoke of personal experiences at Harvard.

Mr. and Mrs. George Banta, Jr., of Menasha. "By" Wyman and his orchestra, Madison, furnished the music.

### Delta Gamma Juniors Entertained

The junior members of Delta Gamma sorority were entertained at dinner by Mrs. Kenneth Corbett, 814 N. Appleton St. on Tuesday.

### Radio Is Presented To Conservatory

The Conservatory has been presented with a Majestic Radio-Phonograph combination machine by the Grigsby-Grunow Company, manufacturers of Majestic Radios. The gift was made through the Irving Zuelke Music Co. of Appleton, dealers in Majestic. The Lawrence Conservatory is one of several schools of music in Wisconsin who have been recipients of like gifts.

The radio is now in the recital hall of the conservatory and installation will be complete very soon.

Arthur Hansen, ex'27, visited at the Beta Sigma Phi house yesterday.
